Annual Notices

Annual Notice of Women’s Health and Cancer Rights Act of 1998:
The UVA Health Plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). Call Aetna, the claims administrator, at 800.987.9072 for more information.

Annual Notice of HIPAA Special Enrollment Rules:
If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, under a HIPAA Special Enrollment you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stopped contributing towards your or your dependents’ other coverage). However, you must request enrollment within 60 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 60 days after the marriage, birth, adoption or placement for adoption.

The Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA) created two new Special Enrollment rights for certain eligible employees and dependents who lose coverage or become eligible for premium assistance under a Medicaid or state children’s health insurance program. Employees must request coverage changes within 60 days of the eligibility determination. See the CHIP notice included with your Open Enrollment materials containing additional information about the opportunity to enroll in the premium assistance programs. To request a HIPAA Special Enrollment or obtain more information, contact the UHR Benefits Division.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for these programs, but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.
Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at www.askebsa.dol.gov or by calling toll-free 1-866-444-EBSA (3272).

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of January 31, 2014. You should contact your State for further information on eligibility –

Important Notice from the University of Virginia Health Plan about Your Prescription Drug Coverage and Medicare

This notice ONLY applies to “Medicare-eligible individuals” including any active, disabled or retired employees or their dependents who are enrolled in, or in the process of enrolling in, prescription drug coverage under the University of Virginia Health Plan.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the University of Virginia Health Plan and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. The University has determined that the prescription drug coverage offered by the UVa Health Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.
What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you are a Medicare-eligible retiree, retiree spouse, retiree dependent, survivor, or survivor dependent, your UVA Health Plan coverage will terminate when you become Medicare eligible. If you are a Medicare-eligible active employee, employee spouse, or employee dependent and you decide to join a Medicare drug plan, your current UVA Health Plan coverage will not be affected. Your current coverage pays for other health expenses in addition to prescription drug. If you enroll in a Medicare drug plan, you and your eligible dependents will still be able to receive all of your current health and prescription drug benefits. In this case, the UVA Health plan will pay primary and Medicare will pay secondary.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the UVA Health Plan and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.
If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage…

Contact the person listed below for further information. NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the University changes. You also may request a copy of this notice at any time.
For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:
- Visit [www.medicare.gov](http://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 1-800-772-1213 (TTY 1-800-325-0778).

**Remember:** Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

As in all cases, the UVA Health Plan reserves the right to modify benefits at any time, in accordance with applicable law.

To inspect and copy health information maintained by the Plan, submit a written request to the UVA Health Plan Privacy Officer. The Plan may charge a fee for the cost of copying and/or mailing the health information that you have requested. In limited instances, the Plan may deny your request to inspect and copy your health information. If that occurs, the Plan will inform you in writing. In addition, in certain circumstances, if you are denied access to your health information, you may request a review of the denial.

If you want an accounting that covers a time period of less than six years, please state that in your written request for an accounting. The first accounting that you request within a twelve month period will be free. For additional accountings in a twelve month period, the Plan may charge you for the cost of providing the accounting. But, the Plan will notify you of the cost involved before processing the accounting so that you can decide whether to withdraw or modify your request before any costs are incurred.

You also have the right to request restrictions on your health information that the Plan discloses to someone who is involved in your care or the payment for your care, such as a family member or friend. The Plan is not required to agree to your request for such restrictions, and the Plan may terminate its agreement to the restrictions you requested.

To request restrictions, submit a written request to the UVA Health Plan Privacy Officer that explains what information you wish to limit, and how and/or to whom you would like the limits to apply. The Plan will notify you in writing as to whether it agrees to your request for restrictions. Glossary of Health Coverage and Medical Terms

- This glossary has many commonly used terms, but isn’t a full list. These glossary terms and definitions are intended to be educational and may be different from the terms and definitions in your plan. Some of these terms also might not have exactly the same meaning when used in your policy or plan, and in any such case, the policy or plan governs. (See your Summary of Benefits and Coverage for information on how to get a copy of your policy or plan document.)
- **Bold blue** text indicates a term defined in this Glossary.
- See page 4 for an example showing how **deductibles, co-insurance** and **out-of-pocket limits** work together in a real-life situation.

### Allowed Amount
Maximum amount on which payment is based for covered health care services. This may be called “eligible expense,” “payment allowance,” or “negotiated rate.” If your provider charges more than the allowed amount, you may have to pay the difference. (See **Balance Billing**.)

### Appeal
A request for your health insurer or plan to review a decision or a **grievance** again.

### Balance Billing
When a provider bills you for the difference between the provider’s charge and the **allowed amount**. For example, if the provider’s charge is $100 and the allowed amount is $70, the provider may bill you for the remaining $30. A **preferred provider** may **not** balance bill you for covered services.

### Co-insurance
Your share of the costs of a covered health care service, calculated as a percent of the **allowed amount** for the service. You pay co-insurance **after** any deductibles you owe. For example, if the health insurance or plan’s allowed amount for an office visit is $100 and you’ve met your deductible, your co-insurance payment of 20% would be $20. The health insurance or plan pays the rest of the allowed amount.

### Co-payment
A fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

### Deductible
The amount you owe for health care services your health insurance or plan covers before your health insurance or plan begins to pay. For example, if your deductible is $1000, you plan won’t pay anything until you’ve met your $1000 deductible for covered health care services subject to the deductible. The deductible may not apply to all services.

### Durable Medical Equipment (DME)
Equipment and supplies ordered by a health care provider for everyday or extended use. Coverage for DME may include: oxygen equipment, wheelchairs, crutches or blood testing strips for diabetes.

### Emergency Medical Condition
An illness, injury, symptom or condition so serious that a reasonable person would seek care right away to avoid severe harm.

### Emergency Medical Transportation
Ambulance services for an emergency medical condition.

### Emergency Room Care
Emergency services you get in an emergency room.

### Emergency Services
Evaluation of an emergency medical condition and treatment to keep the condition from getting worse.
Plan
A benefit your employer, union or other group sponsor provides to you to pay for your health care services.

Preauthorization
A decision by your health insurer or plan that a health care service, treatment plan, prescription drug or durable medical equipment is medically necessary. Sometimes called prior authorization, prior approval or precertification. Your health insurance or plan may require preauthorization for certain services before you receive them, except in an emergency. Preauthorization isn’t a promise your health insurance or plan will cover the cost.

Preferred Provider
A provider who has a contract with your health insurer or plan to provide services to you at a discount. Check your policy to see if you can see all preferred providers or if your health insurance or plan has a “tiered” network and you must pay extra to see some providers. Your health insurance or plan may also have preferred providers who are “participating” providers. Participating providers typically contract with your health insurer or plan, but the discount may not be as great, and you may have to pay more.

Premium
The amount that must be paid for your health insurance or plan. You and/or your employer usually pay it monthly, quarterly or yearly.

Prescription Drug Coverage
Health insurance or plan that helps pay for prescription drugs and medications.

Prescription Drugs

These services may include physical and occupational therapy, speech-language pathology and psychiatric rehabilitation services in a variety of inpatient and outpatient settings.

Skilled Nursing Care
Services from licensed nurses in your own home or in a nursing home. Skilled care services are from technicians and therapists in your own home or in a nursing home.

UCR (Usual, Customary and Reasonable)
The amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the allowed amount.

Excluded Services
Health care services that your health insurance or plan doesn’t pay for or cover.

In-network Co-insurance

In-network Co-payment
A fixed amount (for example, $15) you pay for covered health care services to providers who contract with your health insurance or plan. In-network co-payments usually are less than out-of-network co-payments.

Medically Necessary
Health care services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

Network
The facilities, providers and supplies your health insurer or plan has contracted with to provide health care services.

Non-Preferred Provider
A provider who doesn’t have a contract with your health insurer or plan to provide services to you. You’ll pay more to see a non-preferred provider. Check your policy to see if you can go to all providers who have contracted with your health insurance or plan or if your health insurance or plan has a “tiered” network and you must pay extra to see some providers.

Out-of-network Co-insurance
The percent (for example, 40%) you pay of the allowed amount for covered health care services to providers who do not contract with your health insurance or plan. Out-of-network co-insurance usually costs you more than in-network co-insurance.
