Adult and elder care you can count on.

Back-up care is the adult and elder care support you can feel good about.

Whether mom needs temporary help after a hospital stay or your father-in-law’s regular caregiver called in sick, back-up care for adults and elders answers the call, getting you to work with the confidence of a provider you can trust.

Adult/elder care provides University of Virginia’s faculty and staff with in-home back-up care for up to 10 days/eligible employee per calendar year at a copayment of $30 for a full day or $15 for a half day.

Use the Back-Up Care Advantage Program® when:

• Your adult or elder relative needs care at home after a surgery or illness
• You are transitioning between care arrangements for your adult/elder relative
• A regular caregiver calls in sick
