

The Work Number—Sample Immigration Verification

Today, non-citizen employees are an increasingly important part of America's workforce. These employees and those traveling internationally periodically need to provide the U.S. Citizenship and Immigration Services (USCIS) or government embassies with proof of employment and income information. The service allows the employee to obtain an immigration verification themselves by using The Work Number® web application or by contacting an Equifax call center representative.

This verification does not comply with the underwriting requirements of Fannie Mae or Freddie Mac, nor does it satisfy other standards typically required for private industry verifications.
