

# Patch T

## **FAX: Cover Sheet for Single Page Batches**

Please use this patch sheet as a cover sheet for your fax transmission when sending a batch of **ONLY** one (1) page verification requests to Equifax Workforce Solutions via fax number:

855-451-3870

Note: To ensure a quality transmission, only 50 pages are able to be received per faxed batch.

Additionally, the bar code borders on this page should not be modified as they are coded to read one-page verification requests.

Thank you!
